EMELOWSKY • REAPER SCRIPTS

END USER LICENSE AGREEMENT (EULA)

Software: Marker Tracker

Publisher / Licensor: Emelowsky
License Type: Free (Freeware)
Document Version: 1.0
Covers Script Version: 1.0.1 and newer
Language: English (EN)

IMPORTANT — READ CAREFULLY: This End User License Agreement governs the use of the "Marker Tracker" script (the "Software") — a free add-on for REAPER®, made available by its author operating under the name Emelowsky (the "Licensor"). By installing, copying, or otherwise using the Software, you (the "Licensee") agree to be bound by the terms of this Agreement.

§ 1. LICENSE GRANT

1. The Licensor grants the Licensee a free, non-exclusive, non-transferable license to use the Software, with no time limit and no limit on the number of computers, for personal and commercial purposes (including music production, studio work, and live performance).

§ 2. PERMITTED REDISTRIBUTION

1. The Licensee may freely copy and redistribute the UNMODIFIED Software file (including its author header), provided it is passed on free of charge and no fee is charged for access to it.

§ 3. RESTRICTIONS

1. The Licensee shall NOT:
   - Sell the Software or charge for access to it.
   - Claim authorship of the Software or remove its author attribution.
   - Redistribute a modified version of the Software as the original, or under the same name.
   - Use the name "Emelowsky" or the Software's name to promote the Licensee's own products without the Licensor's consent.
2. Modifying the code for the Licensee's own private use is permitted.

§ 4. INTELLECTUAL PROPERTY

1. The Software, including its source code, remains the intellectual property of the Licensor. This Agreement does not transfer any copyright or other intellectual property rights to the Licensee — it grants only the right to use the Software under the terms described above.

§ 5. TECHNICAL REQUIREMENTS

1. The Software requires REAPER® and the ReaImGui extension to be installed; some features (including the lock to the REAPER window) require the js_ReaScriptAPI extension. The Licensor does not guarantee the Software will work with every version of REAPER, ReaImGui or js_ReaScriptAPI, including versions released after the Software was published.

§ 6. NO WARRANTY

1. The Software is provided “AS IS”, without warranty of any kind, express or implied, including without limitation warranties of merchantability, fitness for a particular purpose, or non-infringement. The Licensor does not warrant that the Software will operate error-free, uninterrupted, or be free of bugs.

§ 7. LIMITATION OF LIABILITY

1. To the maximum extent permitted by applicable law, the Licensor shall not be liable for any direct, indirect, incidental, special, or consequential damages arising from the use or inability to use the Software — including loss of data, loss of REAPER projects, or work interruption — even if the Licensor has been advised of the possibility of such damages.

§ 8. SUPPORT AND UPDATES

1. The Licensor will make reasonable efforts to respond to bug reports and questions, but is under no obligation to do so and does not guarantee any specific response time, scope of support, or the release of further updates to the Software.

§ 9. TERMINATION

1. This Agreement is effective until terminated. The license terminates automatically if the Licensee breaches any of its terms, in which case the Licensee must delete all copies of the Software in their possession.

§ 10. MISCELLANEOUS

1. If any provision of this Agreement is found invalid or unenforceable, the remaining provisions remain in full force. This Agreement is governed by Polish law. REAPER® is a registered trademark of Cockos Incorporated — the Software is not a product or service of Cockos Incorporated.
